Sasha Shahdoost-Rad

Cole Boyer

**Actions to stop doing:** Stop doing all of the tasks in the last week of the sprint; Stop being unclear about who is doing what task.

**Actions to start doing:** Begin working on our user stories (tasks) earlier in the sprint; Be more explicit about who will do what task; Meet at a fixed time and place.

**Actions to keep doing:** Constantly learning more about the languages and tools we are using; Keep meeting up with the majority of our members.

## Work completed:

### User stories:

1. As a student I want to take time to acquaint myself with the technologies so that I can be an effective and productive team member.
2. As a user I want to be able to login to spotify through this website to use their functionality.
3. As a user I want to be able to search the spotify archive to choose music to add to the playlist.
4. As a user I would like the design and styling of the site to be clean and simple to make the site understandable and easy to use.
5. As a user I want to be able to stream the playlist to enjoy my collaboration.

## Work completion rate:

User stories completed: 5

Total number of ideal work hours completed: 34.25

Total number of days: 14 days

User stories per day: 5 user stories per 14 days, or ~0.36 user stories per day

Ideal work hours completed per day:  $34.25 / 14 = \sim 2.45$  ideal working hours per day

**Final Burn-up chart (for sprint 1):**
